

Dear Parent

Keeping in mind the safety and security of the pupils in school, Salwan Public School, Gurgaon has collaborated with Kalyani Hospital, Sector-14, Gurgaon for medical emergencies. The school infirmary will take the student immediately to that hospital after intimating the parents in case of any medical emergency. Parents are requested to collect their wards directly from the hospital. At no point of time the school will hand over the student to parents other than two locations-the school medical room or kalyani hospital (in case of emergency).

We solicit your support in this regard.

  
Director 13/11/17
