Holiday Homework

Integrated Project - (2018-19)

CLASS – VIII

Dear Students

Enjoy your holidays; however, spend an hour or more a day keeping in touch with your books to be back in school after the summer vacation for the periodic exam.

We are incorporating integrated project based learning wherein students will prepare projects for all the subjects based on a common theme. This endeavor has been taken up with the objective of inculcating the approach of integrating diverse subjects or fields and the spirit of collaborative learning.

General Instructions: Integrated project of all subjects to be done in A4 size white / ruled sheets/ scrap-book (only)

- The areas to be covered are suggested below. You can of course use your creativity and innovation for new ideas too!
Credit will be awarded to original drawings, illustrations and creative use of materials
- The project needs to be developed and presented in this order:
Cover page showing project title, student information, school and Academic year.
List of contents with page numbers.

Theme Environment

Environment is the most debated topic on earth today. While some environmental issues often seem distant and irrelevant to our personal lives, they matter a lot in the grand scheme. The rapid population growth, economic development and the disposal of plastics, e-waste and sewage pose a greater challenge to the developing countries like India. So, it is time for us to reflect and aim at creating a greater awareness as there is an urgent need to conserve and protect the environment for healthy human beings.

In reference to this research and do the following activities:

Activity 1:

Write a letter to your friend expressing your concerns for health of the city dwellers and what your action plan in your area was to make the planet a better place to live in. (Word limit-120-150 words)

Activity 2:

Enlist 5 major polluted cities of the world. Collect the data regarding the pollution levels of these cities for first 10 days of June 2018 and make a comparative study by preparing a double bar graph.

Activity 3:

Interview a ragpicker and record any five problems faced by them due to the plastic and polythene menace. Find out the effects of improper disposal and burning of polythene on

human health and the environment. How can you spread awareness in your society to minimize the use of polythene bags?

Activity 4:

Make a poster on **SAVE THE ENVIRONMENT** in order to create an awareness in your area . (use A3 size sheet for the above)

Activity 5:

पर्यावरण विषय पर स्लोगन सहित एक पोस्टर बनाएं।

Activity – 6

Topic: A Website/Movie

Tool: Internet, HTML or Movie Maker/any other tool

Students will prepare a website (containing 5 interlinked web pages) or a short movie using slogans etc. on the topic “How to prevent plastic pollution”. Research work can be done on internet.

They will present the same in class for 2 minutes.

Please bring your presentations in the Pen Drive as per your Computer Time Table.
