Circular No. ⁴⁶⁵/2016-2017

Friday, 03 March, 2017

Dear Parent

Greetings!

We firmly believe that a sound body houses a sound mind and also that strong values and essential character of the child are shaped in the sports field. In the forthcoming session we will lay adequate stress on this aspect.

We are **planning to run a Football Academy** in our school. We wish to do so either **before or after school hours**.

The Academy will train boys and girls separately **3 days each for 1½ hours**.

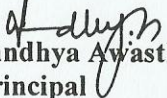

Dropping the children in the morning or Picking them in the evening will be the parents' responsibility.

We will ensure the coaches are experienced and well trained. We assure a safe and conducive environment along with good quality equipment. The group size will be small for individual attention.

The cost will be tentatively Rs. 1500/- per month.

Kindly indicate your choice and the slot preference. It will help us plan effectively.

Thanks & Regards
