

**SALWAN PUBLIC SCHOOL**  
**SECTOR 15(II), GURUGRAM**  
**CLASSES: NUR-XII**

**Circular No: G-3**

**Monday 25<sup>th</sup> October 2021**

Dear Parent,

Greetings of the Day!

As we all are aware of the rising Dengue cases in Delhi and NCR. It is a viral disease which is transmitted by a mosquito bite (*Aedes aegypti*). In school we are taking all the precautions to prevent the breeding of mosquitoes. Fogging of the campus is done regularly and mosquito repellent machines are put in all the classrooms.

**As a precautionary measure please ensure the following:**

1. Your ward always wears a full sleeve shirt, pant/ Salwar to cover the Arms, legs, ankles, and feet completely.
2. Apply mosquito repellent cream and lotions on exposed skin every day.
3. Do not send your ward to the school in case of fever.

Thanks and Regards,

**Rashmi Malik**

**Principal**
